DEPARTMENT OF NEPHROLOGY

As a member of Christie Clinic's Department of Nephrology, Dr. Qattash specializes in the diagnosis and treatment of kidney disorders and illnesses, dialysis treatment, and hypertension management.

Dr. Qattash and his wife, Zaina, have one daughter, Massa. In addition to spending time with his family, Dr. Qattash enjoys reading novels and poetry, listening to music, and Arabic calligraphy working.

Dr. Qattash is seen by his staff as a young and energetic addition to the department. He is always ready to see patients, very involved in clinic programs, and is an informative and enjoyable educator.
