

# MEET YOUR *Audiologist...*

## **MICHAEL BROWN, AuD**

### **WHY I CHOSE AUDIOLOGY**

*"I have always been interested in sound, acoustics, hearing, and music. I gravitated to audiology because it represents the ideal pairing of my personal interests and my academic pursuits. I've never regretted the choice."*

**DOCTOR OF AUDIOLOGY:** University of Florida, Gainesville

**MS:** Purdue University, West Lafayette, IN

**BA:** Potsdam College, Potsdam, NY

**CERTIFICATION:** Certificate of Clinical Competence from ASHA (CCC-A)

### **DEPARTMENT OF AUDIOLOGY**

*As an audiologist, Michael Brown provides diagnostic audiologic testing, vestibular testing and rehabilitation, and hearing aid recommendation and fitting for patients of all ages.*

*"Although I live and breathe audiology as a profession, I do have outside interests to keep me balanced. I am a big sports enthusiast and an avid runner. I do some fairly creative things on my computer with video and audio materials. And I love to travel. There is always more to see!"*

*"I work hard to be knowledgeable about issues that might affect my patients. I read extensively about issues related to my field and participate in educational opportunities whenever possible. Perhaps more importantly, I try to share this knowledge with patients in a relaxed and empathetic manner."*

Michael Brown, AuD  
Department of Audiology &  
Hearing Aid Services  
101 West University Avenue  
Champaign, IL 61820
