

# MEET YOUR *Physician Assistant...*

## **ROBERT T. PAQUIN, PA-C**

### **WHY I CHOSE HEALTH CARE**

*"My decision to become a PA came while serving in the U.S. Army and working around some of the most incredible PAs this field has to offer. I knew I wanted to help people like they did, and I learned from their remarkable example."*

**MASTER'S OF MEDICAL SCIENCE:** *Midwestern University, Downers Grove, IL, Concentration in Physician Assistant Studies*

**BA:** *Eastern Illinois University, Charleston, General Studies*

**PROFESSIONAL MEMBERSHIPS:** *American Academy of Physician Assistants and Illinois Academy of Physician Assistants*

### **DEPARTMENT OF ALLERGY/ENT**

*As a physician assistant in the Department of Allergy/ENT, Mr. Paquin works in collaboration with physicians to treat allergies and other ear, nose, and throat disorders.*

*Here's something Mr. Paquin would like his patients to know about him: "One of my professional goals is to participate in a medical mission trip in the future. Two of my passions in life are world travel and my work, so I feel compelled to practice medicine in the underdeveloped world."*

*"I believe the patient-provider relationship is best handled as a team effort. My approach is to involve the patient as much as possible in the decision-making process in order to address both of our needs to the best of our ability. My goal is for patients to be well informed of any health concerns and satisfied with their care."*
