LAURA HARRIGER, APN, BSN, MEd

WHY I BECAME A NURSE PRACTITIONER AT CHRISTIE CLINIC

"After 17 years, I'm still excited to say that I work at Christie Clinic. Some of the faces have changed since I started, but I find that Christie attracts some of the most caring and friendly people to work with. Our women's health care team always tries to put the patient first and that is something that continues to make me proud of my choice."

MSEd: Eastern Illinois University, Charleston, Counseling

APN: School of Health Care Sciences, Sheppard AFB, Texas, Nursing

BS: University of Binghamton, Vestal, NY, Nursing

PROFESSIONAL MEMBERSHIPS: Academy of Nurse Practitioners and Sigma Theta Tau

DEPARTMENT OF OBSTETRICS AND GYNECOLOGY

As a nurse practitioner in Christie Clinic's Department of Obstetrics and Gynecology, Laura provides primary health care to women with obstetric and gynecologic needs. In collaboration with our physicians, Laura performs routine gynecologic examinations, evaluates and treats minor illnesses, and provides routine prenatal and postpartum care. She specializes in hormone therapies, including options for family planning, premenstrual syndrome (PMS), and menopause.

Laura enjoys spending time with her family, reading, taekwon do, and walking.

"The thing that I like most about my job is the many opportunities that I have had to help women increase their knowledge of their bodies and the amazing changes that occur throughout life. I enjoy working with teens, pregnant women, and with menopausal women; all three areas of life have unique experiences associated with them that help you grow."
