## **CATHY HINTON, CNM**

### **WHY I CHOSE NURSING**

*"As a young girl growing up in Suffolk, England, I would watch my mother put on her nursing uniform each day as she prepared for work. My mom would talk about her work in a loving, caring way and she always expressed how she enjoyed her profession. The fulfillment she received from her work inspired me to enter the health care field."*

She also works in collaboration with department physicians, treats minor illnesses, and performs routine gynecological exams.*

Together, they reside in Champaign with their three children, Michael, Hayden, and Rylee. In her spare time, she enjoys spending time with her family and traveling.*

*"My goal is to make every patient feel important. I specialize in labor and delivery, sometimes never leaving the patient during the labor process. I am trained to recognize signs and symptoms that are not consistent with the normal birthing process. I am qualified to administer drugs and to perform medical procedures. I also provide family planning, birth control counseling, and normal gynecological services such as physical exams, pap smears, and preventative health screening."*
