

# MEET YOUR *Internist...*

*"I genuinely enjoy being with my patients and their family. I always strive and realize that my patients, especially the sick and dying ones, and I are in the same boat. We share the same kind of physical body, which we don't have total control over. It forms a bond of compassion between us all. 'Kindness to each other' became my way of thought."*

### **WHY I CHOSE HEALTH CARE**

*"I became a doctor by accident. I didn't plan to go to medical school because I was in Vietnam. I was interested in Philosophy, but took an exam to medical school anyway. I was accepted, and pursued this career. I now realize that I had stumbled into the noblest career that could have been offered to me."*
