

MEET YOUR *Nurse Practitioner...*

BILL KILPATRICK, FNP

WHY I AM A NURSE

"I enjoy working in health care because I am always in the constant mode of learning new things from my patients and current research. I enjoy sharing this information with the clients that I serve."

MS: University of Illinois, Nursing

BS: Mennonite College of Nursing, Normal, IL, Nursing

AAS: Illinois Central College, East Peoria

DEPARTMENT OF FAMILY MEDICINE

As a nurse practitioner in Christie Clinic's Department of Family Medicine, Bill helps promote wellness care for infants, children, and adults. He also works in collaboration with our physicians to diagnose and treat non-surgical illnesses and disorders for patients of all ages.

"My philosophy of health care is, 'If in doubt have it checked out because your peace of mind is worth a whole lot.' If you are unsure whether your current condition is something that needs to be treated, don't hesitate to come in and have it checked out because you will constantly second guess yourself if you are doing the right things to correct the problem."
