

# Have you recently be diagnosed with any of the following:

- Non-Small Cell Lung Cancer
- Colon Cancer
- Ovarian Cancer
- Pancreatic Cancer
- Liver Cancer

You may be eligible to participate in an investigational study to identify possible biomarkers that could potentially help in early disease detection.

## You may qualify if you:

- Are at least 18 years of age
- Have no prior history of cancer
- Are not currently on any biological therapy
