

# Meet Your Audiologist

## Jessica Teymouri, AuD

### Why I Chose Health Care

Healthcare is a vast field that is in constant development and expansion. Also, I love having a career where I get to help people directly.

### Education

Doctor of Audiology, Washington University School of Medicine, St. Louis, MO

Bachelor's of Science Degree, University of Missouri - St. Louis, MO

### Department of Audiology/Hearing Aid Services

In the Department of Audiology, Jessica provides diagnostic hearing evaluations, hearing aid evaluations including recommendations about candidacy for hearing aid use, hearing aid fittings and aural rehabilitation.

*I enjoy practicing ballet, traveling and bike riding with my two children.*

*I chose audiology because as a music lover I have a deep appreciation for the sense of hearing. I'm grateful for the opportunity to help improve patients' quality of life through aiding and enhancing communication.*
