

Meet Your Nurse Practitioner

Holly McPherson MSN, APRN, FNP-C

Why I Chose Health Care

I have always had a passion for caring for others since I was little. I enjoy serving others and meeting people right where they are. I strive to have a positive impact in my community volunteering and working with like minded individuals to make a difference. I have always been drawn to healthcare and knew that one day I wanted to be part a the change that helps the people of my community get the care they need.

Education

Master's Degree Nursing, Purdue Global, Lafayette, IN
Bachelor's Degree Nursing, Western Governors University, Salt Lake City, UT

Certifications

American Association of Nurse Practitioners

Professional Memberships

ANA, AANP

Department of OB/GYN

In the Department of OB/GYN, Holly provides primary health care to women with obstetric and gynecologic needs.

Outside of work I love spending time with family and friends, reading, doing outside activities, listening to live music, traveling, trying new foods and learning about new cultures!

I fell in love with women's healthcare when I started working in labor and delivery. I truly enjoy pouring into women helping them navigate and manage their healthcare journey. My goal is to help empower women and help them feel seen and heard all while reaching their healthcare needs.
