

# Meet Your Nurse Practitioner

## Kathryn Getty, APN, CNP

*I strive to make a difference in my patients' lives. I want them to know their wellbeing is important to us and we're here to provide the best care possible for them.*

### Why I became a Nurse

"I have wanted to be a nurse/educator since I was a little girl. Becoming a nurse practitioner was a perfect fit for me. I developed a passion for women and children's care as a labor and delivery and maternal life flight nurse at St. Francis. This was further fueled during grad school at the University of Illinois as I worked with midwives, pediatricians, and obstetricians."
