

Meet Your Pulmonologist

Shahram Maroof, MD

Why I Chose Pulmonology

"I fell in love with Critical Care and Pulmonology during my Internal Medicine training."

Fellowship

Pulmonary & Critical Care Medicine, John H. Stroger Hospital of Cook County

Residency

Internal Medicine, Wayne State University/Detroit Medical Center, Detroit, MI

Medical Degree

Allama Iqbal Medical College Lahore, Punjab, Pakistan

Professional Memberships

American College of Chest Physicians

American College of Physicians

American Medical Association

American Thoracic Society

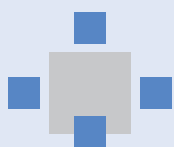

Society of Critical Care Medicine

Department of Pulmonary Medicine

In the Department of Pulmonary Medicine, Dr. Maroof treats patients suffering from diseases of the lungs and respiratory system with the goal of improving patients' day-to-day function and quality of life.

I enjoy playing basketball and cricket.

I chose health care because I grew up in a community with limited access to health care and wanted to change that.

CHRISTIE CLINIC

We listen. We care.
