

Meet Your Internal Medicine Physician

Daniel Deem, MD

Residency

University of Iowa Hospitals and Clinics in Iowa City, IA

MD

Southern Illinois University School of Medicine in Carbondale and Springfield, IL

BS

Illinois College, Jacksonville, IL

Organizations

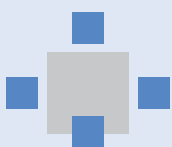

American College of Physicians, American Medical Association, Alpha Omega Alpha Honor Medical Society

Department of Internal Medicine

In the Department of Internal Medicine, Dr. Deem diagnoses and treats non-surgical illnesses in adults as well as provides regular health examinations and wellness information.

When not working, Dr. Deem is spending time with his wife and their 3 children. He enjoys golf, fishing and archery in his free time and is an avid Notre Dame fan!

I have always and will always continue to strive to make my patients feel that they are important and that they have my complete attention during their visit. I want them to leave and feel that I have listened to their concerns and have taken them seriously.

CHRISTIE CLINIC

We listen. We care.
