

## Meet Your Nurse Practitioner

# Lisa Mullett, APN, FNP-C

### Why I Chose Health Care

"I chose a career in health care because I love the combination of solving puzzles, teaching healthy habits, and wanting to help people."

### Education

Family Nurse Practitioner, Master of Science, University of Illinois at Chicago, Peoria, IL

Nursing, Bachelors of Science, University of Illinois at Chicago

### Certification

ANCC

Bonefit Trained

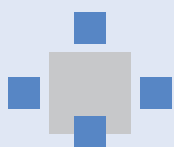

Fracture Liaison Certified

### Department of Spine & Pain Management

In the Department of Spine & Pain Management, Lisa uses interventional methods of therapy to treat patients who suffer from a variety of chronic and acute painful conditions.

*I found many people were not getting access to all the tools available to help acute and chronic pain. It is satisfying to see someone get some quality of life and function back after working with them.*

*In my spare time, I can often be found working out, enjoying our dogs and cat, painting, reading, camping or hiking mountains.*

**CHRISTIE CLINIC**

*We listen. We care.*
