

Meet Your Internal Medicine Physician

Sana Grover, MD

As a primary care physician, my goal is to help my patients live a healthy and happy life. I strive to know my patients as a person; their beliefs, needs and priorities to provide the best personalized care. My utmost priority is to make my patients feel at home when they come to see me.

Why I Chose Health Care

"As a kid growing up, I saw my grandmother suffer through dementia. Watching her personality vanish away left me with a deep desire to serve people. With that goal in mind, I chose to learn the workings of human body and joined medical school. Now, as an Internal Medicine physician, I incorporate best evidence-based guidelines in my practice. I strive my best to provide all the tools my patients need to take charge of their health. I hope I can play an essential part in their journey towards a happy and healthy life!"

Residency

Carle Foundation Hospital in Urbana, IL, Internal Medicine

Medical School

Pt. BD Sharma Post Graduate Institute of Medical Sciences, Rohtak, India

Certification

ECFMG, BLS and ACLS certified

Professional Memberships

American College of Physicians; American Medical Association

Department of Internal Medicine

Dr. Grover provides comprehensive medical care for patients 18 years and older with an emphasis on wellness and preventative care. She is extensively trained in the diagnosis, evaluation and treatment of medical conditions that commonly occur from late adolescence through the geriatric years.

In addition to diagnosing acute and chronic illnesses in patients, Dr. Grover and the Christie Clinic Department of Internal Medicine works closely with their patients to help them build healthy lifestyles and life-long health maintenance that may help to delay or prevent debilitating medical conditions in the future.

Hospital Affiliation

Carle Foundation Hospital

I enjoy spending time with my husband, taking long walks in nature, exploring spirituality, working on self-improvement.

CHRISTIE CLINIC

We listen. We care.
