

# Meet Your Pediatrician

## Alexis Orama, MD

*My goal is for patients and their families to feel at ease with their plan of care. I strive to ensure they are well-informed, and that together we maintain open communication throughout the medical decision-making process.*

### Why I Chose Health Care

"When I first graduated college, I was unsure about which career path to take. A family friend who was a physician in obstetrics and gynecology offered me a clerical position at her practice, which led to me becoming trained as a medical assistant. My experience there, working with the physicians, patients and their families, brought about a desire to pursue a career in medicine."

### BA

Biology, Concordia College, Bronxville, NY

### MD

Southern Illinois University, Carbondale, IL

### Certification

Board-eligible

### Professional Memberships

American Academy of Pediatrics, Illinois State Medical Society

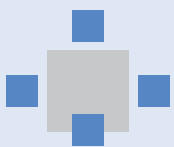

### Department of Pediatrics

In the Department of Pediatrics, Dr. Orama performs annual visits, school physical and wellness checks, and provides recommended immunizations for all ages.

### Hospital Affiliation

Carle Foundation Hospital

*My family is my world and spending time with them is what I value most. I like taking walks with my husband and children, I love to cook and try new foods, and I enjoy traveling and the arts.*

**CHRISTIE CLINIC**

*We listen. We care.*
