

Meet Your Physician Assistant

Mary K. Kenney PA-C

Why I Chose Health Care

"I was inspired to choose a career in healthcare because of the time I spent with my grandma going to doctor appointments and care visits. Seeing the people take care of her, I knew I wanted to help people in that way. The combination of providing care for others and my love for science, created a passion for the healthcare industry."

Medical School

Masters of Physician Assistant Studies, Butler University, Indianapolis, IN

Education

Bachelor of Arts in Health Sciences, Butler University, Indianapolis, IN

Certification

Advanced Cardiac Life Support certified

Basic Life Support certified

Board Certified by the National Commission on Certification of Physician Assistants

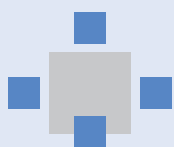

Pediatric Advanced Life Support certified

Department of Convenient Care

In the Department of Convenient Care, Mary K diagnoses and treats non-emergency conditions such as allergies, infections, colds, and more.

I love to spending time with my family, especially going on adventures with my niece and nephew. We enjoy visiting the zoo, local parks and pumpkin patches in the fall. I also love to spend time on walks with my dogs and playing with them in the yard.

I love the fast-paced environment of urgent care and I love the diversity that Convenient Care brings every day.

CHRISTIE CLINIC

We listen. We care.
